#### ABOUT AIRCORPS LIBRARY:

AirCorps Library has firmly established itself as the online authority on WWII & Legacy aircraft technical information that is critical to maintaining and safely operating aircraft. The site ensures that these rare aircraft will continue to fly through future generations, while the information pertaining to them is preserved and archived. Ultimately, we believe in serving the Warbird and legacy aircraft industries, elevating the overall understanding of these aircraft, and using the technologies of today to preserve important historical information.

#### HIGHLIGHTS:

- 375,000 digitized engineering drawings
- 3,800 digitized technical manuals
- Actively adding additional resources
- Personal customer service
- Customizable data access

# CAPABILITY STATEMENT: UNPRECEDENTED ACCESS TO WWII TECHNICAL INFORMATION

## EXECUTIVE SUMMARY

AirCorps Library offers digitized engineering drawings and technical manuals for over 20 different WWII Era aircraft to the general public via a custom website that makes finding technical data fast and easy. Removing the need for outdated media such as microfilm, the AirCorps Library website has brought the information needed to restore, maintain and operate warbirds into the 21st century.

## WEBSITE STATISTICS

- 375,000 digitized engineering drawings for 25 WWII era aircraft
- 3,800 digitized technical manuals on a wide variety of WWII era aircraft, engines, propellers, components, and more
- Drawings and manuals easily searchable by:
  - Part numbers
  - Document numbers
  - Keywords, manufacturer, & more

## PRIVATE HOSTING

We offer customized access to specific areas of the website for type clubs and enthusiast groups. These areas are private, and can only be accessed with verified personal information from each individual. With a private unit, it is easy to disseminate important technical information to your organization, no matter where they are located.

## CLIENTELE LIST

- Commemorative Air Force (CAF)
- North American Trainer Association (NATA)
- C&P Aviation
- Swift Museum Foundation
- Howard Aircraft Foundation
- Pitts Special drawing collection

## KEY DIFFERENTIATORS

- Search for technical drawings by part number, no need for a microfilm index
- Drawings and manuals are digitized at the highest quality, so no detail is lost
- Download and print manuals and drawings from anywhere in the world
- Documents and drawings are organized using both military and manufacturer systems to make resources easier to locate quickly
- Access information on any computer, tablet, or cell phone
